TV Intelligence Scanner — Motherboard Report

project #1 | 2026-11-08 22:07:06 UTC | v1.0.0

Mainboard

Item	Value
Mainboard	TP.MS338.PB801
PCB revision	not identified
Chassis	CH-9
Board part numbers	
SoC / CPU	MStar (now MediaTek) MSD6A648
GPU	not identified (no evidence)
RAM	RAM: 1 GB total (from decoder + datasheet; confidence 90%)
Flash	flash: 8 MB total (from decoder; confidence 80%; confirm with datasheet)
Wi-Fi	not identified (no evidence)
Bluetooth	not identified (no evidence)
Wi-Fi / BT module	not identified (no evidence)
Audio	not identified (no evidence)
T-Con	not identified (no evidence)
Power supply	not identified (no evidence)
Display panel	LC550EGE

Components on the mainboard

ID	Board	Position	Category	Part number	Manufacturer	Qty	Identification	Confidence	Specification (source)	Evidence	Source reference
3	mainboard	U7	Flash memory	W25Q64JVSIQ	Winbond	1	Decoded from vendor part-numbering scheme	75%	density_bits=64 Mbit [decoder]; device_family=SPI flash [marking_rule]; manufacturer=Winbond [decoder]; manufacturer=Winbond [marking_rule]; memory_type=SPI NOR flash [decoder]		decoder winbond_spi_nor: Winbond SpiFlash naming (W25Q + density in Mbit); marking rule winbond_spi

ID	Board	Position	Category	Part number	Manufacturer	Qty	Identification	Confidence	Specification (source)	Evidence	Source reference
2	mainboard	U3	RAM	K4B4G1646E-BYK0	Samsung	2	Datasheet match (exact part number)	90%	data_rate=1600 MT/s [datasheet]; density_bits=4 Gbit [decoder]; density_bits=4 Gbit [datasheet]; device_family=DRAM [marking_rule]; manufacturer=Samsung [decoder]; manufacturer=Samsung [marking_rule]; memory_type=DDR3 SDRAM [decoder]; memory_type=DDR3 [datasheet]; organization=x16 [decoder]; package=96-BALL FBGA [datasheet]; package=FBGA [datasheet]; supply_voltage=1.5 V [datasheet]		datasheet #1 p.1; datasheet #1 p.2; decoder samsung_ddr: Samsung DRAM part numbering (K4 + family + density + organisation); decoder samsung_ddr: Samsung DRAM part numbering (K4 + family + density + organisation) (corroborated by datasheet); marking rule samsung_dram

Other boards (PSU, T-Con, panel)

No entries.
